

★ Phase 1 - VCU

Instructed by Mr. Odom & Mr. Thurston
Assisted by Ms. Brooke & Ms. Cierra

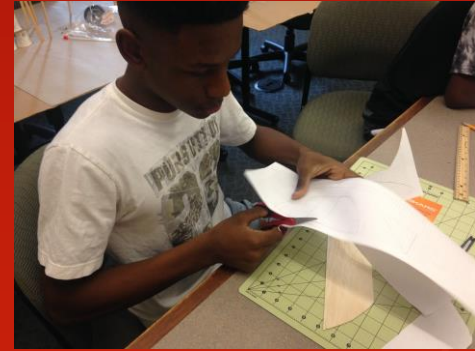

★ Micah Johnson

Hello, My name is MJ. I attend Bailey Bridge Middle School. The first week, I completed the mousetrap car, which it was not successful. During the second week, I participated/helped out in doing the Rube Goldberg Machine Project. During the third week, I worked on a wooden glider, it was fun!

★ Chris Barfield

Helllllo, my name is Chris. I attend Elizabeth Davis Middle School. During the first week of RAPME, I was able to make a mousetrap car, I was the second place winnnnnner!! Second week, I made the Rube Goldberg Project, that was soooooo much fun! Third week, I made a wooden Glider, which was a fun experience.

★ Jordan Goode

My name is Jordan Goode. I attend Moody Middle School. In phase one, I have done many things like building mousetrap cars, helped build a Rube Goldberg Machine. *Unfortunately, I will not be able to make the glider.* I had an awesome time with Mr. Thurston and Mr. Odom.

★ Michael Mahone

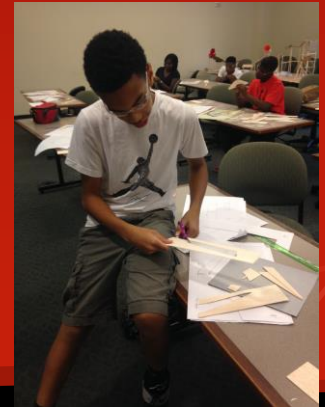

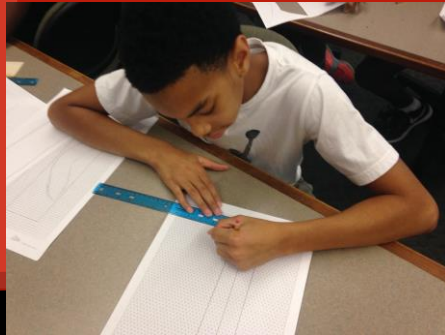

Hello, My name is Michael. I attend Matoaca Middle School. I am rising 8th grader. During the course of the three weeks with RAPME, first I built a mousetrap car, which was kinda successful. Second, I helped build a Rube Goldberg Machine. On the last week, I built a wooden glider, which was very fun!

★ Caleb Kenney

Hi, My name is Caleb K. I attend Elko Middle School, home of the Eagles!

During the couple weeks of RAPME, I learned how to build a mousetrap car, a Rube Goldberg Machine & Wooden Glider. The three weeks at RAPME were a good experience and a lot of fun.

◆ Samuel Elsakr

My Name is Samuel Elsakr. I attend Swift Creek Middle School. Over the course of the first week, we made a mousetrap car, my car did not go that far. Second week, we made a Rube Goldberg Machine, we had trouble in the beginning, but overcame it and worked well. During the third week, we made a wooden glider, which was a learning experience.

★ Ashley Johnson

Hi, My name is Ashley. I attend John Rolfe Middle School. I am a rising 8th grader. First, I built a mousetrap car, which was successful. Second week, I helped build a Rube Goldberg Machine. Third week, we made glider planes and my glider flew for 3.15 seconds. I enjoyed RAPME and the learning experience. I plan to return next year.

★ Carter Watts

Hi, my name is Carter Watts
and I go to Orchard House School.

In Phase One we have done multiple things for example,
we have made and raced mouse trap cars,

★ Cashae Hawkes

Hi, my name is Cashae Hawkes. I attend Salem Church as a rising 8th grader. During the first week of RAPME we built mousetrap race cars, it was very successful...it went about 40 feet. Second week, I participated in building a Rube Goldberg Machine. During the third week, I built a wooden glider. We also learned about aerodynamics and how it helps the wooden glider fly.

★ Phillip Carter

Hello, my name is Phillip. I attend Manchester Middle. I am a rising 8th grader. During the first week, we made the mousetrap cars, I had fun because it was cool way to start off. Second week, we made the Rube Goldberg Machines, which I enjoyed because it was fun working in a group and coming with cool ideas. During the third week, I built a glider, and I enjoyed making it because, it was fun learning experience.

★ Micah Darden

Hi, I am Micah Darden. I go to Manchester Middle School. On the first week of camp, we made mousetrap cars, my car didn't leave from start. On the second week, we made a Rube Goldberg Machine, which was very fun! Third week, we made a wooden glider, we also went on a field trip.

★ Soraya Byrdsong

My name is Soraya Byrdsong and I go to Holman Middle School. The first week, we built mousetrap cars, but my car wasn't functioning correctly. On the second week, we built Rube Goldberg Machines, which was fun because we had to think of our own ideas to solve the problem.

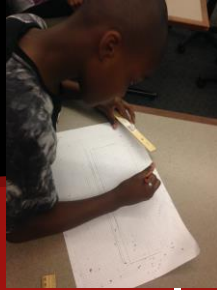

◆ Asianai Ahmad

Hi, my name is AsiaNai Ahmad, and I attend Franklin Military Leadership Academy as a rising 7th grader. For the first week, we made and raced mousetrap cars, my car was successful. In the second week, we made Rube Goldberg Machines. It was fun working with my teammates in my group. During the third week, we made gliders, learned about the glider and how to construct it.

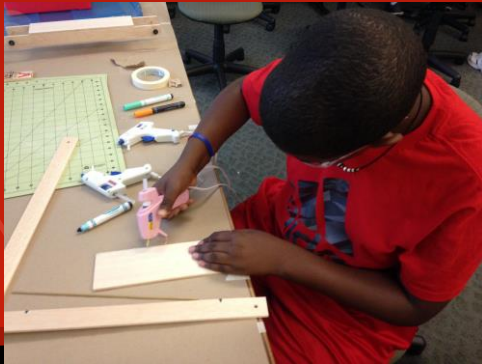

★ Jamara Jones

Hello, my name is Jamara Jones. I attend Tomahawk Middle. I am rising 8th grader. On the first week, we built mousetrap cars, which was successful and fun because it was a new experience. Second week, I helped build a Rube Goldberg Machine, it was cool, because I got to collaborate with a good group of people. Third week, we made gliders, which was a fun learning experience.

★ Jaylen Arrington

Hi, I am Jaylen. I attend Elizabeth Davis Middle. I am a rising 7th grader. The first week was very exciting because we got to build mousetrap cars, which my car was successful. During the second week, we built Rube Goldberg Machines, which was fun as well because I got to work with my friends from RAPME. During the last week, we got to build gliders, which was really fun and messy.

★ Alexandra Wright

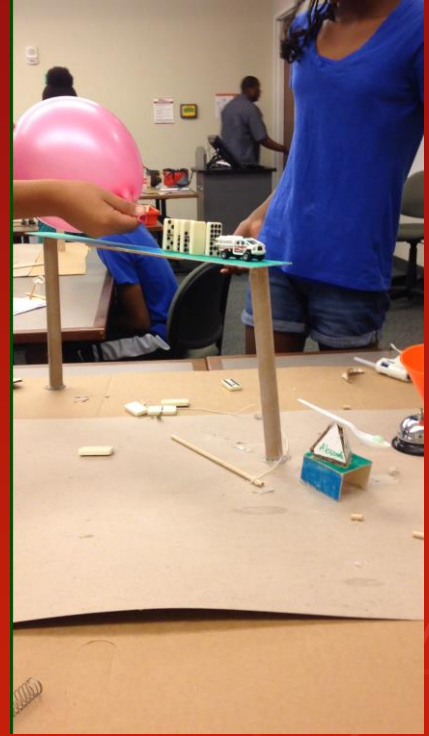

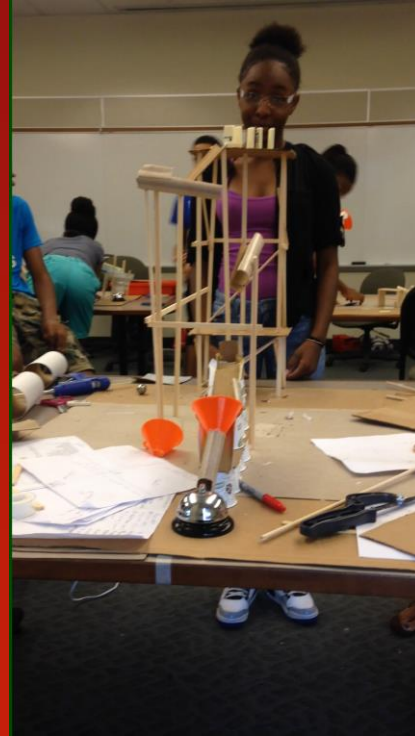

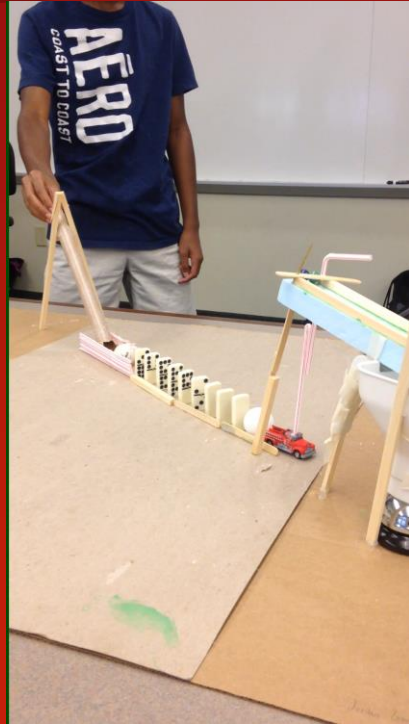

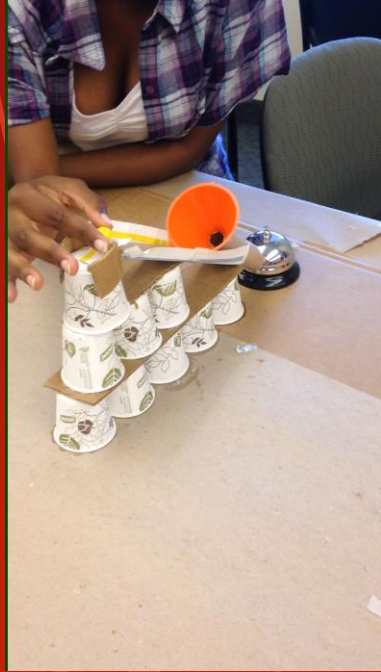

Hello, My name is Alexandra Wright.

I am homeschooled. I am rising 7th grader.

The first week was the best week so far, even though my mousetrap car did not really work. During the second week, I enjoyed working in a group building the Rube Goldberg Machines, we had to change a lot of things around to get the right layout. During the last week, we learned about how gliders fly, and it was fun!
